News from the Zoo Authority

Novermber 10, 2010

Fresno County Board of Supervisors Hall of Records 2281 Tulare Street, Room 300 Fresno, CA 93721

Dear Supervisors,

On behalf of the Fresno County Zoo Authority, please find the enclosed Annual Report to the Board of Supervisors for the fiscal year 2009-2010.

The Fresno County Zoo Authority is in its sixth year of existence. Four of our seven board members were members of the initial board formed in 2005.

We continue to have a positive working relationship with Fresno's Chaffee Zoo Corporation. In addition, it has been a pleasure to work with Zoo Director Scott Barton and his devoted staff. We take our responsibility to you and the taxpayers of Fresno County very seriously, as we continually examine and discern the allowable uses of Measure Z funds, while always taking into account the intentions of the taxpayers.

As you may recall, during the summer of 2007, Fresno's Chaffee Zoo Corporation presented a Master Plan to the public, which was well received. On July 25, 2007, following the public presentation, the Zoo Authority approved that Master Plan in concept. The path leading to implementation of the Master Plan follows the Environmental Impact Report (EIR) process, for which the City of Fresno is the lead agency. This process is complex and has run into delays, as the Master Plan has now become a "Roeding Park Master Plan", driven by changes associated with the Zoo expansion and modernization. The City of Fresno released the

News from the Zoo Authority

Draft EIR (2000+ pages) in October 2010. Additionally, completion of major elements of the Master Plan located outside the footprint of the Zoo requires financial participation (\$15 million) by the City of Fresno. These shared cost issues must still be addressed. Mayor Swearengin's dedication and participation has been beneficial in breaking down the bureaucratic roadblocks that could slow down the progress of this project.

During the fiscal year ending June 30, 2010 we disbursed funds in the amount of \$3,095,657 for operations, including small projects within the existing Zoo. We also disbursed \$722,760 for capital projects spent primarily on Stingray Bay, Dino-Dig, and Sea Lion Exhibit Design.

Since inception, through June 30, 2010, the Zoo Authority has collected \$54,157,215 in Measure Z revenue and disbursed \$15,126,226 for Zoo operations, and \$1,667,729 for Capital Facilities Projects. The Zoo Authority has spent \$499,193 in administrative expenses, primarily related to professional and specialized services provided by Fresno County staff including accounting, legal, and the services of the coordinator.

As of June 30, 2010, there was an undisbursed balance of \$39,702,701 on hand available to the Zoo.

Fresno County Zoo Authority board members would like to express their sincerest appreciation for all of the County staff's hard work and dedication. We truly appreciate the support we have been given. It has been our pleasure to once again serve the County of Fresno in overseeing the distribution of Measure Z Funds during the past fiscal year.

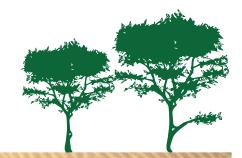

If you should have any question, please feel free to contact me.

Sincerely,

John W. Gray DVM

2004

Resolution creating the Fresno County Zoo Authority (Authority), and ordinance providing for a transactions and use tax of 0.1% for a period of ten years commencing on April 1, 2005, adopted by the Fresno County **Board of Supervisors.**

The Fresno County electorate approved Measure Z by 73.42 %.

Adoption of initial Authority by-laws.

The Fresno County electorate approved Measure Z by 73.42 %.

First Measure Z tax receipts received.

Agreement between Authority and County of Fresno to provide Authority with professional and technical services, including administration, accounting, legal and technical services.

Adopted Authority logo reminiscent of that used by the 2004 Measure Z campaign. Launched website for anyone to access information regarding the Authority. Initiated streaming audio of Authority meetings.

NOVEMBER

Finance Agreement entered into between the City of Fresno and the Fresno's Chaffee Zoo Corporation (FCZC).

2006

JANUARY

Agreement between the City of Fresno and FCZC, providing for the lease of grounds and facilities to FCZC, and for operation of the zoo by FCZC.

First year Authority authorized funds to FCZC.

Lewis Greene becomes director of Fresno Chaffee Zoo. Approved letter to Association of Zoos and Aquariums guaranteeing funding for necessary zoo **projects** prior to adoption of a master plan.

Approved FCZC request for capital projects funds for development of master plan.

NOVEMBER

Received first audit of the Authority receipts and expenditures from April 2004 inception through June 2006.

2005

Approved contract with Environmental Impact Report consultant. Approved \$1,250,000 for small capital projects within the current zoo that would demonstrate to the public the Fresno Chaffee Zoo is actively working on improvements.

Following public presentations, the Authority approved the proposed Chaffee Zoo Master Plan with stipulations the City of Fresno must participate in paying for items outside the footprint of the Zoo, and that the "Kids Zone" will not be deleted from the list of items to be completed by 2014.

Approved funding requests for master planning and tree survey.

2006

2008

JANUARY

Authority by-laws amended and subsequently approved providing among other things for Mayor of the City of Fresno to appoint a member of the Fresno City Council to serve on the Authority Board as the Mayor's alternate.

Additional approvals of funds to FCZC for Capital **projects** including: Master planning services,

Environmental Impact Report services, pre-design engineering and architectural services for three permanent zoo facilities.

2009

Approved request for \$1.2 million for Environmental Impact Report, pre-design engineering and beginning design of animal and non-animal facilities, and for improvements and updating of Stingray Bay, Tropical Treasures and existing infrastructure.

Fresno native Scott Barton becomes Director of Fresno Chaffee Zoo.

Approved a Capital Projects Policy to define criteria for capital projects that qualify for reimbursement of Measure Z funds.

Approved \$1.05m for Central Coast Themed Sea Lion Exhibit design

Approved \$165,000 for Environmental Impact Report

FRESNO COUNTY ZOO AUTHORITY MEASURE Z SALES TAX PROCEEDS BUDGET (Cash Basis) FOR FISCAL YEAR ENDED JUNE 30, 2010

FRESNO COUNTY ZOO AUTHORITY MEASURE Z SALES TAX PROCEEDS (Cash Basis) BY FISCAL YEAR FROM INCEPTION TO JUNE 30, 2010

AUDITED FINANCIAL STATEMENTS

The Zoo Authority's financial statements for fiscal year ended June 30, 2010 were audited by Price, Paige, and Company; an independent accounting firm. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. These audited financial statements, as well as the independent auditor's report are presented in Appendix A. The notes to the financial statements should be read in conjunction with the statements as they are an integral part of the statements and provide disclosures required by generally accepted accounting principles (GAAP).

Financial highlights can be found on page 3. Additional information which is an integral part of the financial statements can be found on pages 15-18.

Financial information for administration by the Zoo Authority is presented on pages 8-11. Financial information in relation to the operations and capital projects trust funds (funds for zoological purposes) is presented on pages 12-13.

As further discussed on page 18, the Authority adopted an operating budget for fiscal year ended June 30, 2010. The variation between estimated and actual revenue and expenditures is presented in the Budgetary Comparison Schedule on page 20.

DISBURSEMENTS TO FRESNO'S CHAFFEE ZOO CORPORATION

During fiscal year 2010, a total of \$3,818,417 was disbursed to the Fresno's Chaffee Zoo Corporation; \$3,095,657 for operations and \$722,760 for capital projects. The Statement of Fiduciary Net Assets on page 12 presents cash balances available for operations and capital projects to be used for Zoological purposes as of June 30, 2010. This statement also presents funds held in trust for operations and capital projects based on the accrual basis of accounting.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Fresno County Zoo Authority Fresno, California

We have audited the accompanying financial statements of the governmental activities, the general fund, and the aggregate remaining fund information of the Fresno County Zoo Authority (Authority), as of and for the year ended June 30, 2010, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the general fund, and the aggregate remaining fund information of the Authority, as of June 30, 2010, and the respective changes in financial position, and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2010 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 5 and 20 through 21, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

FRESNO COUNTY ZOO AUTHORITY Management's Discussion and Analysis For the Year Ended June 30, 2010

This section of the Fresno County Zoo Authority (Authority) financial report presents a discussion and analysis of the Authority's financial performance during the fiscal year ended June 30, 2010. Please read the information contained in this discussion and analysis in conjunction with the Authority's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

- The assets of the Authority exceeded liabilities (referred to as net assets) at the end of the 2009-2010 fiscal year by \$657,002. This amount is considered unrestricted net assets.
- Liabilities of the Authority totaled \$24,828 at June 30, 2010. This amount primarily consists of expenses related to professional and specialized services provided by the County of Fresno.
- The Authority's total net assets increased by \$89,984 from fiscal year 2008-2009 to 2009-2010.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of three components 1) **Government-wide** financial statements; 2) **Fund** financial statements, and 3) **Notes** to the basic financial statements. Required Supplementary Information (RSI) is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. Therefore, the statements are reported using the accrual basis of accounting. Please refer to Note 1, for further information on the accrual basis of accounting.

The *statement of net assets* presents information on all of the Authority's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Both of these government-wide financial statements distinguish functions of the Authority that are principally supported by intergovernmental revenues and sales taxes (*governmental activities*) from other functions that are intended to recover all, or a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Authority are general government activities only. During the fiscal year reported, the Authority did not have any business-type activities.

The government-wide financial statements can be found on pages 8-9 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal

FRESNO COUNTY ZOO AUTHORITY Management's Discussion and Analysis For the Year Ended June 30, 2010

compliance. The fund financial statements are reported using the modified accrual basis of accounting, which was designed to reflect budgetary processes used by governments. See Note 1-C, for further information regarding the modified accrual basis of accounting. The Authority's funds can be divided into two categories: governmental fund (general fund), and fiduciary funds (private-purpose trust fund).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Authority's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both, the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The Authority's General Fund budgetary comparison schedule is presented in RSI. The Authority adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule is thus provided for the General Fund to demonstrate compliance with this budget.

The Authority reports one individual major governmental fund. Information is presented in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance.

The governmental funds financial statements can be found on pages 10-11 of this report.

Fiduciary funds are used to account for resources held by the Authority in a trustee or agency capacity for others (i.e. Fresno Chaffee Zoo). Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Authority's own programs. The type of fiduciary fund used by the Authority can be further classified as a *private-purpose trust fund*. There are two basic financial statements used to report information on fiduciary funds: the statement of fiduciary net assets (required for all fiduciary funds), and the statement of changes in fiduciary net assets (required for all fiduciary funds except agency funds).

The fiduciary fund financial statements can be found on pages 12-13 of this report.

Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 15-18 of this report.

Required Supplementary Information is presented for the budgetary comparison schedule of the General Fund, which is presented immediately following the notes to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial

FRESNO COUNTY ZOO AUTHORITY Management's Discussion and Analysis For the Year Ended June 30, 2010

position. In the case of the Authority, assets exceeded liabilities by \$657,002 at the close of fiscal year 2009-2010.

The Authority has no investments in capital assets.

Governmental activities: Governmental activities increased the Authority's net assets by \$89,984 from fiscal year 2008-2009 to 2009-2010. The key element of this increase relates to sales tax revenue exceeding total expenditures by \$77,407.

FINANCIAL ANALYSIS OF THE AUTHORITY FUNDS

As noted earlier, the Authority uses **fund accounting** to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The general government functions are contained in the General Fund. The focus of the Authority's governmental fund is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the Authority's financing requirements.

At June 30, 2010, the Authority's governmental fund reported a fund balance of \$657,002, an increase of \$89,984 in comparison with the balance of \$567,018 reported at June 30, 2009.

Revenues for the governmental fund totaled \$200,101 in fiscal year 2009-2010. Revenue was primarily comprised from Measure Z sales tax (94%). The remaining 6% was interest.

Expenditures for governmental funds totaled \$110,117 in fiscal year 2009-2010.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the 2009-2010 fiscal year, actual revenues were above those estimated in the final budget by \$14,962. Actual expenditures were below budgeted amounts by \$75,022. This difference in expenditures is primarily due to no expenses being incurred in many of the budgeted line items such as data processing, transportation and travel, publications, memberships, etc.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Fresno County Auditor-Controller's Office; 2281 Tulare Street, Fresno, California 93721.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Fresno County Zoo Authority (Authority) was created by the approval of Measure Z by the voters of Fresno County (County) in November 2004. Measure Z authorized the imposition of a 0.1% sales and use tax (the sales tax) in the County for 10 years. The Authority may spend up to 2% of the revenue for its own administrative expenses. The remaining 98% of the revenue must be used exclusively for the support of zoos, zoological facilities, and related zoological purposes within the County. Of this 98%, at least 2/3 must be spent on capital improvement projects, and up to 1/3 may be spent on operations and maintenance of the facilities. The 0.1% sales tax commenced April 1, 2005 and will expire on April 30, 2015.

The basic financial statements of the Authority include all of its financial activities. The Authority is the sole independent agency responsible for administering Measure Z funds and is governed by a seven-member board consisting of six qualified electors (Fresno County voters) and the City of Fresno Mayor. The six qualified electors are appointed by the Fresno County Board of Supervisors.

B. Basis of Presentation

Government-wide Financial Statements

The statement of net assets and the statement of activities report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Authority does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

The Authority applies all private sector standards of accounting and financial reporting issued prior to December 1, 1989 for the government-wide financial statements to the extent that those standards do not conflict with or contradict GASB guidance. The Authority has elected not to apply any standards of the Financial Accounting Standards Board issued after this date.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

The fund financial statements provide information about the Authority's individual funds including governmental and fiduciary funds. Separate statements for each fund category are presented. The balance sheet, and statement of revenues, expenditures, and changes in fund balance focus on the presentation of the major governmental fund; the general fund. These two statements are used to report information regarding the Authority's own operations and programs (up to 2% of Measure Z sales tax revenue). The statement of fiduciary net assets and the statement of changes in fiduciary assets provide information regarding the 98% of sales tax proceeds and related disbursements, which are exclusively restricted for the support of zoos, zoological facilities, and related zoological purposes within the County. Disbursements of Measure Z funds during fiscal year ended June 30, 2010, were made to the Fresno's Chaffee Zoo Corporation (the entity operating the Fresno Chaffee Zoo).

The Authority reports the following major governmental fund:

• The general fund is used to account for the revenue (up to 2% of Measure Z sales tax revenue) and expenditures necessary to carry out basic operating activities of the Authority. Activities of the general fund include professional and specialized services required for the administration of Measure Z funds.

The Authority reports the following fiduciary fund:

• The *Private-Purpose Trust Fund* is used to account for the portion of Measure Z sales tax proceeds (and related disbursements), exclusively restricted for the support of zoos, zoological facilities, and related zoological purposes within the County (no less than 98% of total Measure Z proceeds). During fiscal year ended June 30, 2010, disbursements of measure Z funds were made to the Fresno's Chaffee Zoo Corporation (FCZC), which is the entity operating the Fresno Chaffee Zoo.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*.

Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due and payable.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Net Assets or Fund Balance

Cash and Investments

Investments for the Authority are reported at fair value.

Due from Other Governments

Due from other governments represent sales tax receipts in the months subsequent to the Authority's fiscal year-end relating to the prior year's sales activity. The Authority has contracted with the California State Board of Equalization for collection and distribution of the 0.1% sales tax. The Board of Equalization receives an administrative fee for providing this service. The Authority records sales tax revenues net of such fees.

Accrued Liabilities

The Authority has agreements with the County of Fresno, whereby the County provides legal, accounting and other professional and technical services. Accrued liabilities reported on the financial statements of the Authority primarily consist of professional and specialized services provided by the County of Fresno.

Net Assets

The government-wide financial statements utilize a net assets presentation. Net assets are categorized as unrestricted only.

• Unrestricted Net Assets – This category represents net assets of the Authority, not restricted for any project or other purpose.

Use of Management Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the basic financial statements. and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A reconciliation of the total fund balance for governmental fund to the total net assets of governmental activities has been prepared as part of the basic financial statements. However, no differences were reported between total fund balance and total net assets for the fiscal year ended June 30, 2010.

A reconciliation of the total net change in fund balance for governmental funds to the total changes in net assets of governmental activities has been prepared as part of the basic financial statements. However, no differences were reported between total net change in fund balance and total changes in net assets for the fiscal year ended June 30, 2010.

NOTE 3 – CASH, INVESTMENTS, AND DEPOSITS

The Authority, under contract, maintains specific cash deposits and investments with the Fresno County Auditor-Controller/Treasurer-Tax Collector, and participates in the common investment pool of the County. The County is restricted by State code in the types of investments it can engage in.

NOTE 4 - BUDGET/DISBURSEMENTS

The Authority adopts an annual appropriated budget for its General Fund which is approved by its board. A budgetary comparison schedule is thus provided for the General Fund to demonstrate compliance with this budget.

Measure Z-funded line items of the Fresno County Zoo Corporation's (FCZC) operating and capital projects budgets for calendar year 2006 and 2007 were approved by the Authority's board. FCZC is the entity operating the Fresno Chaffee Zoo and functions separately from the Authority, operating on a calendar year basis (ending December 31). The Authority's oversight of FCZC extends only to the administration of Measure Z funds.

During fiscal year ended June 30, 2010, disbursements totaling \$3,818,417 were made to FCZC; \$3,095,657 for operations, and \$722,760 for capital projects.

Undistributed sales tax revenue net of expenses incurred during the fiscal year are classified as "net assets held in trust" in the statement of fiduciary net assets. The balance reported at June 30, 2010, was as follows:

Held in Trust for:	
Operations	\$ 3,642,485
Capital Projects	37,981,669
Total	\$41,624,154

NOTE 5 – LIABILITIES

Liabilities of the Authority totaled \$24,828 at June 30, 2010. This amount primarily consisted of expenses related to professional and specialized services provided by the County of Fresno.

NOTE 6 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 28, 2010, the date the financial statements were available to be issued, noting no matters requiring disclosure in the financial statements for the year ended June 30, 2010.

FRESNO COUNTY ZOO AUTHORITY BUDGETARY COMPARISON SCHEDULE GENERAL FUND

FRESNO COUNTY ZOO AUTHORITY NOTE TO BUDGETARY COMPARISON SCHEDULE GENERAL FUND

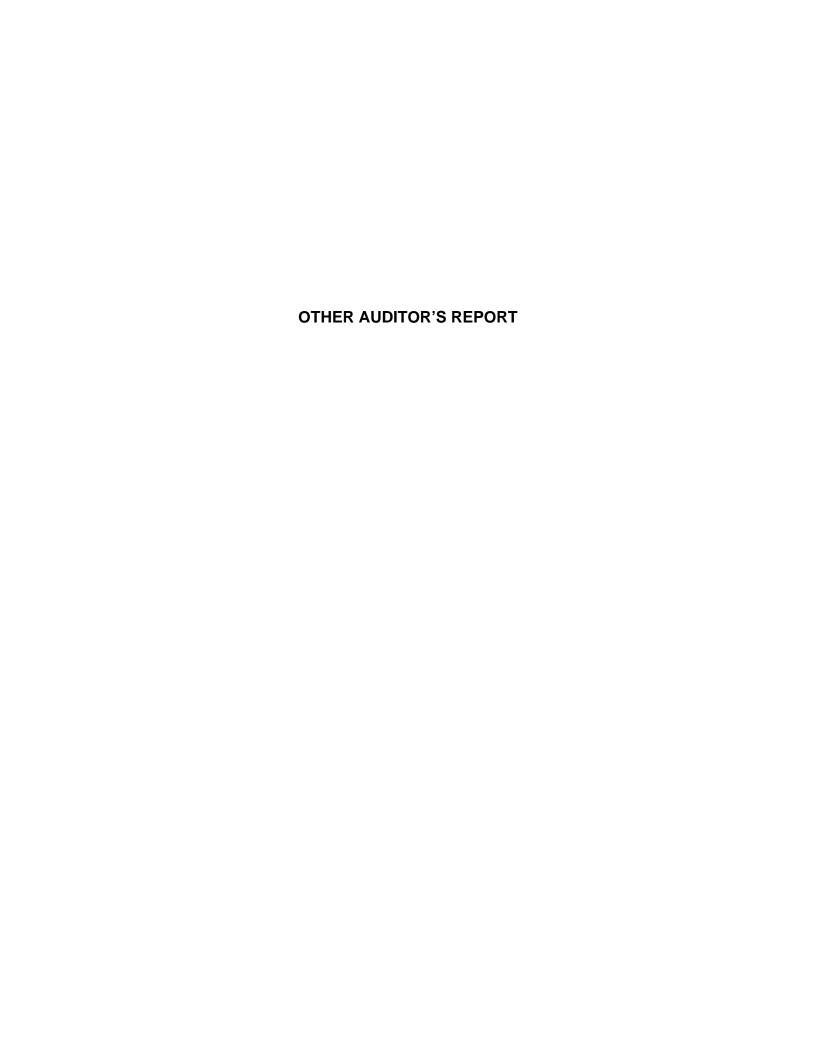

For the Year Ended June 30, 2010

Budgets and Budgetary Data

The Authority adopts a legal annual operating budget for its general fund. All budget transfers and expenditures are approved by the Zoo Authority Board or by the Authority Administrator prior to disbursement. The legal level of budgetary control is at the object level. The final budget revenue and expenditure amounts represent the original budget modified by any amendments and adjustments that have occurred during the year. Unencumbered appropriations lapse at year-end.

A budgetary comparison schedule for the general fund is presented on Page 20. Its purpose is to demonstrate compliance with the approved budget for fiscal year 2009-2010. Actual expenditures appearing on the schedule are presented using the accrual method of accounting.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Fresno County Zoo Authority Fresno, California

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Fresno County Zoo Authority (Authority), as of and for the year ended June 30, 2010, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated October 28, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Authority's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Authority's financial statements that is more than inconsequential will not be prevented or detected by the Authority's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Authority's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

Price Page & Company

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Board of Directors, and is not intended to be and should not be used by anyone other than these specified parties.

Clovis, California October 28, 2010
